- **Stark Community Transition Center to Hold Holiday Open House**
*Stark Community Transition Center is holding a Holiday Open House for their independent living center on **December 12, 10:00 am-12:30 pm**. This center was created through **community collaboration with support of Lake Local Schools and Stark County Educational Service Center** in addition to donations of time and materials from community members. Hartville Homes has generously allowed the students to use part of their facility as a mock apartment. This apartment will be used for social and independent living skills training for students with disabilities. Students aged 18-22 participate in cooking, laundry and housekeeping activities that encourage independence. This classroom is operated through the Stark County Educational Service Center.*
