

***Thank you Lake Local Custodians!***

Once again our custodial staff did an exceptional job of preparing the building for the 2011-12 school year. Lake Local is very proud of our custodians and their hard work. Our custodians are responsible for cleaning buildings to ensure they are clean and safe. They perform many other tasks in addition to cleaning such as set-up and take down equipment for special events and perform seasonal duties as needed. They maintain the day-to-day operations for the HVAC system as well as do in-house repairs.

***Thank you custodial staff for all that you do!***
